

FAHSS TÜV NORD - A Competent and International Service Partner for Second Party Audits

Companies involved in any business need to manage risks related to quality, environment, health, safety, food safety / hygiene, etc... to demonstrate good corporate social responsibility and meet legal compliance if they want to be competitive, reputed and improved. Second Party Audits can be an improvement tool to achieve that competitive edge.

The basis of audit will be the company requirements / expectations, applicable legal and regulatory requirements, best practices, etc... Through audits, the auditors verify the organization's compliance to the applicable requirements. The outcome of this audit will clearly state the strong points, non conformities and improvement potentials. By taking relevant actions to the areas of concern, the organization increases the level of compliance. These audits can be extended to the suppliers also as they play a crucial role in the day to day activity of the organization.

FAHSS TÜV provides these services to their valued customers throughout the Middle East. Presently, FAHSS TÜV NORD is providing this service to Carrefour, GASCO, etc... With a competent team of auditors, validated audit mechanism, vast experience and local presence – FAHSS TÜV NORD is a leader in this field.

The areas of second party audits include, but are not limited to the following:

- Quality
- Environment
- Food safety & hygiene
- Safety
- Health
- Information security
- Social accountability
